NYSPMA has partnered with our current coding consultant, Hoda Henein of Active Management, to develop an ICD-10 preparatory webinar on Wednesday, September 16 at 7 p.m.

The 90-minute webinar will assist podiatrists in understanding and identifying the correct ICD-10 code, the diagnostic code formatting changes from 5 to 7 digits, preparation requirements and a tutorial on the most commonly used diagnoses in podiatry. A question and answer session will follow.

The course, regularly $290, is being offered at a special preferred rate of $75 members/$175 for non-members. Once registered, payment made and registration has been confirmed, you will receive an email providing you a link to the webinar.

<u>MATERIALS REQUIRED</u>: All registrants will need to have access during the webinar to the latest HIPAA-mandated ICD-10-CM code set. Optum360 has offered to provide NYSPMA members the following discounts for these ICD-10 resources:
