Foundation Approval Statement. This activity has been planned and implemented in accordance with the standards and requirements for approval of providers of continuing education in podiatric medicine through a joint provider agreement between the Foundation for Podiatric Medicine and The Nassau County Podiatric Medical Association. The Foundation for Podiatric Medicine is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine.

Disclosure: Each speaker is required to disclose the existence of any financial and/or other relationships (e.g., employee, consultant, speaker's bureau, grant recipient, research support) s/he might have with (a) the manufacturer(s) of any commercial product(s) to be discussed during his/her presentation and/or (b) the commercial contributor(s) of the activity. Any such conflict will be announced by the individual introducing the speaker or by the speaker immediately preceding the lecture.

Mission of the Foundation for Podiatric Medicine's Education Seminars and Conferences

The Foundation for Podiatric Medicine's educational mission is to promote continuing education in podiatric medicine, podiatric surgery, and practice management through workshops and seminars. Our commitment is to increase knowledge by offering every registrant the educational assistance needed to improve care for their patients and be successful in practice by promoting the benefits of scientific advancement in the treatment, prevention, and alleviation of podiatric ailments.

Foundation for Podiatric Medicine Mission Statement

The Foundation for Podiatric Medicine, a nonprofit 501(c) (3) organization, was established in 1986.

The mission of the Foundation for Podiatric Medicine is to offer continuing medical education, professional development and public information services.
