Podiatric Clinical Conference and Exhibition REGISTRATION

THANK YOU TO OUR SPONSORS

**Sponsorships do not support the
educational activities of NY22**

What a crazy eighteen months it has been! After a very successful NY21 Virtual Conference, The Foundation for Podiatric Medicine is preparing to be back in person for its NY22 Clinical Conference and Exhibition taking all health and safety precautions. What an amazing reunion of colleagues, classmates, old friends, and new friends it will be!

Once again, NY22 will be providing the most engaging and informative lectures and research in podiatric medicine and beyond. We have invited many new esteemed lecturers from throughout the country, and will also feature some of our favorite past lecturers. Attendees can look forward to billing and coding education, and a brand new Falls Prevention Symposium taking place during the general lectures. The Falls Prevention Symposium will have a wealth of information for healthcare providers of all kinds – so please invite your colleagues, too, who will be able to sign up exclusively for the symposium if they are not podiatrists.

As the pandemic continues to evolve, we ask that you keep an eye on the conference website nyspma.org/ny22 for all the latest NY22 information, exhibitor and sponsor updates and continuing to evolve program.

Don't miss out on the chance to be together again AND receiving the best podiatric continuing education in the best city in the world – NYC. NY22 will be a conference you won't forget. We can't wait to see you all again!
