

## NY22 CECH Certificate Instructions

Thank you for taking part in the NY22 Virtual Conference. Lectures will be available on demand until June 12. The live weekends of NY22 have concluded. Unlike in past years, attendees will NOT be sent an email with their CECH letter. CECH letters can be accessed by logging back into the [NY22 Virtual Conference portal](#) using your badge number and last name. **Each lecture block requires the completion of an attendance verification (live or by passing an assessment if viewing on demand) AND an evaluation in order to show on your CECH letter.** If you did not complete the evaluations for lecture blocks directly after the lecture block, please follow the instructions below to do so at this time. Please note, if you complete the Medicare on demand lecture, you will need to download/print a CECH letter separately for it.

---

If you have successfully verified your live attendance, once you reach the main menu, you will see a link to click on under the lecture block you attended to complete the evaluation. The link is highlighted in yellow in the picture below. Evaluations need to be completed for every block in order to receive credit for the block on your CECH certificate.
