This is a promotional event that is sponsored by Organogenesis aimed at educating attendees on portions of its product portfolio. This event is not considered Continuing Medical Education (CME). This event is subject to Organogenesis's compliance policies including those pertaining to Meals and Business Courtesies. Organogenesis is required by federal law under the Physician Payment Sunshine Act to report any Transfer of Value including Food & Beverage made to any Covered Recipient within the course of this event. Therefore, all attendees are required to confirm their attendance by providing their signature, primary business address, specialty, State of practice, license and NPI number to the onsite designee managing this event. This event is for medical professionals only that may benefit in understanding the appropriate and effective use of Organogenesis's products. Spouses and other guests are prohibited from attending. It is the attendee's responsibility to ensure that their attendance at this event does not conflict with any employment or contractual obligations that the attendee may otherwise have.

**Effective January 1, 2021, newly implemented federal reporting requirements expand the definition of Covered Recipients to include, among other types, Physician's Assistants and Nurse Practitioners.*
