After a very successful return to an in-person Podiatric Clinical Conference & Exhibition Conference for NY23, we are thrilled to be coming back together again for the NY24 Clinical Conference and Exhibition from Jan. 18-21, 2024. We have a very robust agenda including diabetes care, the latest surgery updates, hands-on trainings and coding and billing pearls we all need to have a thriving practice. We are welcoming our exhibitors to the BEST exhibit hall in the podiatric industry.

In collaboration with Northwell Health, NY24 is hosting the Shining A Light on Wound and Diabetic Foot Care Symposium for podiatrists, nurses, nurse practitioners, physician assistants, and all medical professionals who work with the diabetic population. The Foundation is thrilled to include programming for non-podiatrists for the first time since 2019.

Sign up for one of the hands-on CME or non-CME labs we have by stopping by the registration desk. There are lots of opportunities to try all the latest surgical techniques and equipment!

Make sure you download the NY24 mobile app for all the latest news including where to pick up tickets for lunch symposia.

Thank you to our attendees, sponsors & exhibitors for joining us at the NY24 Clinical Conference & Exhibition. The Foundation for Podiatric Medicine & NYSPMA are deeply appreciative of the support.

William D. Spielfogel, DPM

CONTINUING EDUCATION

The Foundation for Podiatric Medicine is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. The Foundation for Podiatric Medicine has approved this activity for a maximum of 25.5 continuing education contact hours (CECH)*.

In accordance with the requirements of the Council on Podiatric Medicine, the Foundation is required to monitor educational session attendance for verification of CECH.

*This number is based on attendance at all general lectures and the two pre-conference seminars taking place on Thursday.

CECH Sign-in/Scanning Policy

Badges are bar coded with your personal information and must be scanned.

To ensure that the Foundation continues to provide you with a meaningful educational program, all attendees will be required to complete an electronic meeting evaluation in order to receive a CECH certificate and verification form. This form will be distributed via email following the conference. By registering, you are consenting to fill out an electronic evaluation survey.

Each registrant is responsible for reporting his or her attendance to all appropriate boards and agencies requiring continuing education. Credits may be registered with state boards by providing them with a copy of your CECH certificate.

Meals

Breakfast and lunch are designed to be free time for attendees to visit with exhibitors or attend ancillary sessions. Educational and non-educational sponsored lunches may be available each day for pre-registration. Please check www.nyspma.org/ny24 for updates and to register online.

Sleeping Rooms: \$237.00 s/d + tax

A block of sleeping rooms has been reserved at the New York Marriott Marquis for NY24 attendees. Rooms may be reserved until Tuesday, December 26, 2023 or until block is filled. Mention New York Podiatric Clinical Conference to receive our special conference rate.

NOTICE: UNAUTHORIZED COMPANIES SOLICITING HOUSING FOR THE NY24 Clinical Conference and Exhibition (Also known as "Room Block Pirates")

It has come to our attention that unauthorized companies are contacting NY24 Clinical Conference attendees, offering hotel reservations for our events.

Please be advised that the only company authorized to arrange hotel reservations for our meetings are the NY Marriott Marquis through channels provided exclusively from the Foundation for Podiatric Medicine publications and emails. We do not solicit reservations by phone and will never contact you that way, or via fax form.

Reserve online or by phone:

<https://book.passkey.com/event/50571147/owner/1322/home>
Reserve by phone: 212-398-1900. Mention NY Podiatric Clinical Conference when you call to book inside the conference block.
Reservations Toll Free: 1-877-303-0104
Reservations Local Phone: 1-212-398-1900

GUESTS

NYSPMA and APMA members may register one family member guest. Guests may not be DPMs or office staff. The Foundation reserves the right to cancel guest registrations for anyone not meeting the criteria.
Contact Allison Hogan | ahogan@nyspma.org

Conference Registration

Registration and attendance is restricted to NY24 exhibitors, lecturers, Podiatrists, Podiatry residents, enrolled Podiatry students, nurses, nurse practitioners, nutritionists, MDs, DOs, social workers, and their registered guests. Registration fees are refundable, minus a \$79.00 administrative fee, when requested in writing on or before Friday, December 15, 2023. Registration fees are not refundable after this date. Residents must provide proof of residency onsite in order to print their badge. Students must bring ID. Please contact NYSPMA at 212-996-4400 with registration questions. All members must be either paid in full for 23-24 dues or must be on auto payment to register at the NYSPMA membership rate for the NY24 Clinical Conference.

This year, registrations will only be accepted online. If you are having difficulty registering online, please call the NYSPMA office.

Conference Confirmation

Confirmation letters will be e-mailed following receipt of your registration. An email address will be required for registration. All communication will take place via email.

CONFERENCE BADGES

Conference badges may be printed onsite at the conference using the bar code included on your confirmation email or by looking up your last name at the badge kiosks. No badges or materials will be mailed.

Nondiscrimination

No person shall be denied registration or participation in any continuing education program provided by this Foundation for reasons of race, religion, sex, national origin or physical ability.

WEATHER

The Foundation for Podiatric Medicine hopes to provide a safe educational experience for all its attendees. In the event of inclement weather, attendees are encouraged to make the best decision related to travel for themselves. The Foundation will scan according to what is published in the onsite brochure.

Acknowledgements

11:35-11:55am	Coding Changes for 2024: You Need to Know Jeffrey Lehrman, DPM, CPC
11:55am-12:10pm	Q&A
12:10-1:10pm	Lunch
1:10-2:10pm	2024 DME Update Paul Kesselman, DPM
2:10-2:30pm	Nail Debridement + Callus Paring Policy Jeffrey Lehrman, DPM, CPC
2:30-2:45pm	Q&A
2:45-3:00pm	Break
3:00-3:45pm	The National Lymphedema Act: Lymphedema Compression Treatment & What It Means to Your Practice Paul Kesselman, DPM
3:45-4:00pm	Q&A
4:00pm	Adjournment

EDUCATIONAL OBJECTIVES

At the conclusion of this program, attendees will be able to:

- list four procedure codes associated with the provision of routine foot care;
- differentiate between nail debridement and nail trimming;
- cite New York’s Medicare Administrative Contractor;
- cite New Jersey’s Medicare Administrative Contractor;
- list the class findings associated with routine foot care;
- define “dystrophic”;
- define “episode of care” as it relates to wound care;
- list three examples of “conservative” wound care;
- differentiate between nail avulsion and nail excision;
- list two reasons why it may be medically necessary to repeat a toenail avulsion on the same toe in under eight months;
- repeat the AMA CPT Editorial Panel definition of “bunionectomy”;
- list two lower extremity applications of noncontact near-infrared spectroscopy;
- list the bones that constitute the hallux interphalangeal joint;
- list two potential locations of pre-ulcerative toe calluses that are not on the distal phalanx;
- list two examples of “moderate” risk as it applies to evaluation and management coding; and
- differentiate between “acute” and “chronic” as those terms apply to evaluation and management coding.

BECOME AN NYSPMA MEMBER TODAY

The New York State Podiatric Medical Association (NYSPMA) is a tax-exempt not-for-profit, voluntary professional association uniting three of every four doctors of podiatric medicine in New York State. NYSPMA consists of 13 geographically based sub-groups called divisions and is the largest statewide component of the American Podiatric Medical Association (APMA) and its affiliated national network of certifying boards and professional colleges. NYSPMA is made up of dedicated volunteer podiatrists who serve as officers, board members, and committee members. Established in 1895, we were the first organization of its kind in America. We are a strong voice in the state legislature on insurance affairs, medical and hospital practice, managed care, scientific affairs, and public health.

JOIN NOW

Membership in your state and national professional associations strengthens your practice and contributes to the current state of podiatry as well as the future of the profession.

Contact Rashmi Doshi at rdoshi@nyspma.org to become a member today. Join by October 1 and attend the 2024 Clinical Conference for free as a member.

How Do We Serve Our Members?

- Continuing Medical Education Credits**
 Available at our annual clinical conference, as well as division seminars throughout the state.
- Clinical Conference**
 Members attend all three days of lectures free of charge, as well as receive discounts on additional seminars and programs.
- Insurance Intervention and Representation**
 A committee of knowledgeable podiatrists and insurance consultants are available to assist members with insurance issues.
- Political Action**
 Member participation under the guidance of one of New York's top government affairs firms.
- Communications**
 NYSPMA's newsletter, The New York Podiatrist, as well as its website, www.nyspma.org, provide valuable and pertinent information to members on every aspect of their practice.
- Legal Resources**
 Members have the ability to enroll in the Podiatry Protection Program, a valuable program that provides legal coverage on a variety of issues, as well as access to a continuously updated Legal Resource Manual.

New York Podiatry Political Action Committee Help Support Those Who Support Podiatry

What is NYPPAC?

The New York State Podiatry Political Action Committee (NYPPAC) is a nonprofit, bipartisan fundraising committee through which podiatrists support state candidates who champion podiatric medicine's issues in New York.

Because of the efforts of NYPPAC and its parent organization, the American Podiatric Medical Association (NYSPMA), the profession has gained a state and national presence as a political force. NYPPAC neither determines the issues to be addressed on behalf of the profession, nor lobbies on those issues. That is the role of NYSPMA's Legislative Action Committee, Board of Trustees, and lobbying firm.

NYPPAC's role is to support candidates seeking office in the NY Assembly and Senate. The only other legal means for such support is through contributions made directly to a candidate by an individual.

Who Receives NYPPAC Support?

Funds collected by NYPPAC are in turn contributed to statewide candidates who are selected without regard to political party. Only candidates seeking a seat in the NY Assembly or Senate may be recipients of NYPPAC's funds. Candidate support is based on:

1. A candidate's position on issues—Does the incumbent candidate support podiatric medicine's issues? Is he or she accessible to NYSPMA members and lobbyists? If a candidate is a non-incumbent, was he or she supportive in the state or local governing structure?
2. A candidate's committee appointment—As an incumbent, does the candidate serve on a committee that has jurisdiction over state health policy?
3. NYSPMA member/state component endorsement—Does the candidate have the backing of NYSPMA members? This criterion is required for support of non-incumbents.

Who May Give to NYPPAC?

Members and staff of NYSPMA, their family members, and members and staff of NYSPMA's component divisions may contribute to NYPPAC. Contributions must be from personal funds if they are to be used for contributions to candidates for federal office. Contributions to NYPPAC must be voluntary and do not qualify for an income tax deduction.

APPROVAL STATEMENT

The Foundation for Podiatric Medicine is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. The Foundation has approved this activity for a maximum of 25.5 continuing education contact hours (CECH). This number is based on attendance at all general lectures, and the two pre-conference sessions on Thursday evening.

CECH SCANNING

In accordance with the requirements of the Council on Podiatric Medicine, The Foundation is required to monitor session attendance for verification of CECH. Attendance and earned CECH will be recorded electronically by scanning the barcode on the back of your badge at the times/locations listed below.

PLEASE NOTE

To ensure that the Foundation continues to provide you with a meaningful educational program, all attendees will be required to complete an electronic meeting evaluation in order to receive a CECH certificate and verification form. This form will be distributed via email following the conference. Each registrant is responsible for reporting his or her attendance to all appropriate boards and agencies requiring continuing education. Credits may be registered with state boards by providing them with a copy of your CECH certificate. NYSPMA members will not be eligible to receive their CECH Certificate unless their memberships are current.

nyclinicalconference@nyspma.org

- Review the current thoughts on pathophysiology of Charcot joint disease
- Discuss the role of Achilles tendon pathophysiology in Charcot joint disease
- Present the effects of immobilization on bone metabolism and vascular flow in Charcot's joint disease
- Examine the role of bisphosphonate therapy and calcitonin in the treatment of CJD
- Examine the role of midfoot reconstruction and the hardware used in reconstruction
- Examine the role of hindfoot reconstruction and its potential for failure and attain knowledge of fixation devices
- Examine the global crisis of Diabetes
- Present current accepted guidelines for the use of oral antibiotics in the treatment of osteomyelitis
- Familiarize the attendee with current studies utilizing oral antibiotics for the treatment of osteomyelitis
- Present treatment regimens for the use of oral antibiotics for the treatment of osteomyelitis.
- Review the indications for exostosis excision in the treatment of Charcot joint disease
- Examine case studies of exostosis excision in the treatment of Charcot's joint disease ulceration
- Present guidelines for determination of exostosis excision versus stabilization/reconstruction of Charcot joint disease
- Examine the role of Hyperbaric Oxygen Therapy in healing of difficult wounds
- Examine the role of topical oxygen therapy in healing of difficult wounds
- Examine the role of early revascularization and how it can improve outcomes in patients with PAD
- Examine the advances in profusion in getting difficult wounds to heal
- Examine motor neuropathy in type 2 diabetics
- Examine the well being of diabetics living with ulcers of the foot
- Examine the role of arthrodesis versus implant for first MTPJ pathology
- Examine the trends in implant designs in the foot and ankle
- Examine the role of thermal imaging in the diabetic foot
- Examine the use of foot pressure to prevent injury and infection
- Examine the role of the podiatrist in preventing and treating diabetic foot ulcers
- Examine when an ulcer may be more than an ulcer and when to biopsy
- Examine the innovations of vascular revascularization
- Examine the role of performing a first MTPJ arthrodesis and its effect on IMA correction.
- Explore the role of biopsy for suspected skin and soft tissue lesions and the issue of malpractice when a malignant lesion is misidentified
- Examine the classification and stratification of the diabetic foot
- Examine the management of diabetes and its foot complications
- Discuss the selection of antibiotics in diabetic foot infections
- Examine when to culture or biopsy a diabetic wound / bone
- Examine the biomechanical considerations for the management of diabetic foot ulcers
- Examine surgical options for diabetic foot ulcers
- Examine the guidelines for preventive foot care in the diabetic patient
- Examine the at risk foot care diabetic patient and how to prevent ulceration
- Examine the common dermatologic disorders of the diabetic patient
- Examine the medico-legal issues that occur when treating the diabetic population
- Examine the lateral ankle stabilization techniques both open and Minimally invasive
- Examine the role of Minimally invasive midfoot and rearfoot surgery
- Familiarize the attendee with the complications of diabetic foot surgery
- Familiarize the attendee with the minimally invasive bunion surgeries including proximal and distal metatarsal procedures as well as phalangeal procedures
- Familiarize the attendee with the principles of arthrodesis
- Examine the open Lapidus bunionectomy versus the Minimally invasive technique.
- Familiarize the attendee with the minimally invasive fusion to the first MTPJ
- Examine revisional surgery for first MTPJ fusion
- Familiarize the attendee appropriate billing for biopsies and ethical billing techniques
- Familiarize the attendee with fraudulent billing and its consequences
- Examine the role and techniques of subchondroplasty
- Examine the role of podiatrist play in patients with intellectual disabilities
- Examine the appropriate diagnosis of a fungal nail
- Examine the pitfalls in misdiagnosis a melanoma
- Familiarize the attendee with various types of biofilms and their significance
- Examine various complications of bunion surgery
- Examine the clinical significance of forefoot varus
- Examine common tendoscopic pathology
- Familiarize the attendee with the Scarf bunionectomy
- Examine the various methods of treating Lisfranc injuries
- Examine pediatric foot deformity treatment with orthotics
- Apply current treatment guidelines to the care of a patient with diabetes
- Assess the nutritional needs of the patient with diabetes
- Develop skills to perform lower extremity assessments on the patients with diabetes

Charles M. Lombardi, DPM, Lecture Chair
Daniel B. Keating, DPM, Workshop Chair

MISSION STATEMENT

The Foundation for Podiatric Medicine, a nonprofit 501(c)(3) organization, was established in 1986. The mission of the Foundation for Podiatric Medicine is to offer continuing medical education, professional development and public information services.

EDUCATIONAL MISSION STATEMENT

The scientific sessions of the Foundation for Podiatric Medicine's 2024 Podiatric Clinical Conference are designed with the educational goal of presenting balanced academic

discussions for the primary care podiatric physician and also to initiate education in the areas of diagnosis and management of ankle pathology. Providing cutting-edge educational programs in various learning formats, the conference offers a forum for dialogue about the vital educational and clinical information that is crucial to all podiatrists, ensuring professional development that enhances quality patient care and advances the profession.

The Foundation provides an opportunity for the learner with a disability who may require accommodations to participate fully to indicate such a status by contacting the Foundation for Podiatric Medicine at 212-996-4400.

NON-DISCRIMINATION STATEMENT

No person shall be denied registration or participation in any continuing education program provided by this Foundation for reasons of race, religion, sex, national origin or physical ability.

DISCLOSURE STATEMENT

The Foundation for Podiatric Medicine ensures balance, independence, objectivity, and scientific rigor in all individually provided or jointly provided educational programs. All individuals who have influence over the content of the educational activity (i.e., instructors, course director(s), planning committee, faculty, etc.) have no financial conflicts of interest that may lead to any biases in the educational content presented from The Foundation for Podiatric Medicine.

West Haven, CT 6516
www.accufixsurgical.com

Acera Surgical Inc 527

Restrata is a fully synthetic hybrid-scale fiber matrix, indicated for use in a variety of wounds including surgical wounds, trauma wounds, and chronic wounds such as diabetic foot ulcers and venous leg ulcers. Restrata is manufactured with synthetic bioresorbable polymers and possesses a fibrous structure with high porosity. The product architecture, which is similar to native extracellular matrix, allows for cell ingress and retention, as well as neovascularization of the newly forming tissue without the need for added growth factors. As the wound healing process progresses, Restrata completely degrades via hydrolysis, leaving native tissue in its place. Restrata is shelf stable and carries a two-year shelf life.

Anodyne
311

In a far too stagnant market of comfort-based footwear, we're bringing an unparalleled collection of therapeutic and, at the very same time, refined footwear. At Anodyne, we've avoided the commercial vision of quick and easy comfort. Instead, we've returned to the fundamental roots of footwear - meticulous design, quality craftsmanship, and rigorous attention to detail. We're reinventing the paradigm in comfort, and we want you to experience it firsthand.
