ABOUT NY25

The NY Foundation for Podiatric Medicine is excited to present the NY25 Clinical Conference from January 23-26, 2025, one of the largest, if not the largest, podiatric conference and trade show in the world.

We are presenting this conference in one of the most exciting and largest cities in the world, in the heart of Times Square, during 2 for 1 Broadway Week and Restaurant Week, so bring your family. NY25 will again provide attendees with a tremendous educational opportunity with the most current trends in Podiatric medicine and surgery. The lecture track will provide a wide range of topics with opportunities for attendees to interact directly with faculty during the lectures. APMA will present their annual coding seminar with the most up to date trends and changes in coding and billing. We will have several new and interesting workshops. The NY surgical residents will present a very interesting complications lecture series. We are increasing the number of vendors to provide you with the most up to date products and services for your office or clinic.

We all know the evolving healthcare landscape is challenging. This conference will again provide avenues to solve the many challenges we all face. Please visit www.nyspma.org/NY25 for the latest information regarding the conference and related events. I am confident that you will enjoy the education experience this conference will provide. Please take the opportunity to reconnect with friends, colleagues and classmates. The Foundation for Podiatric Medicine board looks forward to seeing you at this conference. Thank you for making the event one of the best.

Dan Keating, DPM
President, Foundation for Podiatric Medicine

CONTINUING EDUCATION

The Foundation for Podiatric Medicine is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. The Foundation for Podiatric Medicine has approved this activity for a maximum of 25.5 continuing education contact hours [CECH]*. In accordance with the requirements of the Council on Podiatric Medicine, the Foundation is required to monitor educational session attendance for verification of CECH.

*This number is based on attendance at all general lectures and the two pre-conference seminars taking place on Thursday.

CECH Sign-in/Scanning Policy

Badges are bar coded with your personal information and must be scanned. To ensure that the Foundation continues to provide you with a meaningful educational program, all attendees will be required to complete an electronic meeting evaluation in order to receive a CECH certificate and verification form. This form will be distributed via email following the conference. By registering, you are consenting to fill out an electronic evaluation survey.

Each registrant is responsible for reporting his or her attendance to all appropriate boards and agencies requiring continuing education. Credits may be registered with state boards by providing them with a copy of your CECH certificate.

Meals

Breakfast and lunch are designed to be free time for attendees to visit with exhibitors or attend ancillary sessions. Educational and non-educational sponsored lunches may be available each day for pre-registration. Please check www.nyspma.org/ny25 for updates and to register online.

Sleeping Rooms: \$244.00 s/d + tax

A block of sleeping rooms has been reserved at the New York Marriott Marquis for NY25 attendees. Rooms may be reserved until Tuesday, December 27, 2024 or until block is filled. Mention New York Podiatric Clinical Conference to receive our special conference rate.

NOTICE: UNAUTHORIZED COMPANIES SOLICITING HOUSING FOR THE NY25 Clinical Conference and Exhibition (Also known as "Room Block Pirates")

It has come to our attention that unauthorized companies are contacting NY25 Clinical Conference attendees, offering hotel reservations for our events. Please be advised that the only company authorized to arrange hotel reservations for our meetings are the NY Marriott Marquis through channels provided exclusively from the Foundation for Podiatric Medicine publications and emails. We do not solicit reservations by phone and will never contact you that way, or via fax form.

UNAUTHORIZED EVENTS

It has come to our attention that unauthorized individuals and companies are inviting NY25 Clinical Conference attendees to sponsor and/or attend unsanctioned events. Please note, unsanctioned events created or promoted by vendors or attendees are prohibited. Vendors or attendees who promote or establish unsanctioned events are subject to removal from NY25.

Reserve online or by phone:

<https://book.passkey.com/event/50891452/owner/1322/home>
If reserving by phone, mention NY Podiatric Clinical Conference when you call to book inside the conference block.
Reservations Toll Free: 1-877-303-0104
Reservations Local Phone: 1-212-398-1900

GUESTS

NYSPMA members may register one family member guest on site only. Guest must be present when registering them. Guests may not be DPMs or office staff. The Foundation reserves the right to cancel guest registrations for anyone not meeting the criteria.
Contact Nora Saari | nsaari@nyspma.org

Conference Registration

Registration and attendance is restricted to NY25 exhibitors, lecturers, Podiatrists, Podiatry residents, enrolled Podiatry students, and their registered guests. Registration fees are refundable, minus a \$79.00 administrative fee, when requested in writing on or before Friday, December 20, 2024. Registration fees are not refundable after this date. Residents must provide proof of residency onsite in order to print their badge. Students must bring ID. Please contact NYSPMA at 212-996-4400 with registration questions. All members must be either paid in full for 24-25 dues or must be on auto payment to register at the NYSPMA membership rate for the NY25 Clinical Conference.

This year, registrations will only be accepted online. If you are having difficulty registering online, please call the NYSPMA office.

Conference Confirmation

Confirmation letters will be e-mailed following receipt of your registration. An email address will be required for registration. All communication will take place via email.

CONFERENCE BADGES

Conference badges may be printed onsite at the conference using the bar code included on your confirmation email or by looking up your last name at the badge kiosks. No badges or materials will be mailed.

Nondiscrimination

No person shall be denied registration or participation in any continuing education program provided by this Foundation for reasons of race, religion, sex, national origin or physical ability.

WEATHER

The Foundation for Podiatric Medicine hopes to provide a safe educational experience for all its attendees. In the event of inclement weather, attendees are encouraged to make the best decision related to travel for themselves. The Foundation will scan according to what is published in the onsite brochure.

Acknowledgements

The Foundation for Podiatric Medicine would like to thank the following people and organizations for their contributions to the 2025 Clinical Conference: Andrew J. Oster Design and Photography, APMA Coding Committee, NY College of Podiatric Medicine

AGENDA—Broadway Ballroom South (6th Floor)

7:30-8:00am	Registration on site opens.
8:00-8:30am	CPT® Changes for the New Year You Need to Know Jeffrey Lehrman, DPM, CPC
8:30-8:45am	Q&A
8:45-9:15am	E/M Updates Andrew Pavelescu, DPM
9:15-9:30am	Q&A
9:30-9:45am	BREAK
9:45-10:15am	MDM v Time in deciding E/M level Andrew Pavelescu, DPM
10:15-10:30am	Q&A
10:30-11:30am	Coding & Compliance: Ankle-Foot-Orthoses Jeffrey Lehrman, DPM, CPC
11:30-11:45am	Q&A
11:45am-12:00pm	“Shaving”: Let’s Get This Right Jeffrey Lehrman, DPM, CPC
12:00-1:00 pm	Lunch
1:00-1:30pm	ICD-10 Changes for the New Year You Need to Know Jeffrey Lehrman, DPM, CPC
1:30-1:45pm	Q&A
1:45-2:15pm	Frequently Used Modifiers - -25 and -59; -79 v -58 Andrew Pavelescu, DPM
2:15-2:30pm	Q&A
2:30-2:45pm	BREAK
2:45-3:15pm	Policy Changes Since We Last Met Jeffrey Lehrman, DPM, CPC
3:15-3:45pm	At Risk Foot Care Avoiding Pitfalls Andrew Pavelescu, DPM
3:45-4:00pm	Q&A
4:00pm	Adjournment

Learning Objectives:

1. List three types of diabetes medications
2. State a symptoms of Pica disorder
3. List the stages of presymptomatic Type 1 diabetes
4. List the three main steps associated with performing skin cell suspension autograft
5. Provide an example of an indication for performing a lower extremity facial plane block
6. Differentiate between a custom fabricated anke-foot-orthosis and a prefabricated anke-foot-orthosis
7. Differentiate between a prefabricated, custom fitted anke-foot-orthosis and a prefabricated, off-the-shelf anke-foot-orthosis
8. List the required elements of a durable medical equipment proof of delivery form
9. List the required elements of a durable medical equipment standard written order
10. Provide an example of a pathology which can be addressed with a shave removal procedure
11. Differentiate between shave removal of a lesion and paring of a lesion
12. Differentiate between a nail avulsion and a nail excision
13. Provide an example of a situation where it would be medically necessary to repeat a partial nail avulsion on the same nail in under 6 months
14. List two staging systems for diabetic foot ulcers
15. Understand E/M coding concepts
16. Understand changes to E/M coding since 2021
17. Understand common modifiers and their appropriate use
18. Understand appropriate coding for at risk foot care services
19. Understand changes to surgical treatment of nails

**THE FOUNDATION
FOR PODIATRIC MEDICINE**

nyclinicalconference@nyspma.org

BECOME AN NYSPMA MEMBER TODAY

The New York State Podiatric Medical Association (NYSPMA) is a tax-exempt not-for-profit, voluntary professional association uniting three of every four doctors of podiatric medicine in New York State. NYSPMA consists of 13 geographically based sub-groups called divisions and is the largest statewide component of the American Podiatric Medical Association (APMA) and its affiliated national network of certifying boards and professional colleges. NYSPMA is made up of dedicated volunteer podiatrists who serve as officers, board members, and committee members. Established in 1895, we were the first organization of its kind in America. We are a strong voice in the state legislature on insurance affairs, medical and hospital practice, managed care, scientific affairs, and public health.

JOIN NOW

Membership in your state and national professional associations strengthens your practice and contributes to the current state of podiatry as well as the future of the profession.

Contact Rashmi Doshi at rdoshi@nyspma.org to become a member today. Join by October 1 and attend the 2025 Clinical Conference for free as a member.

HOW DO WE SERVE OUR MEMBERS?

- **Continuing Medical Education Credits**
Available at our annual clinical conference, as well as division seminars throughout the state.
- **Clinical Conference**
Members attend all three days of lectures free of charge, as well as receive discounts on additional seminars and programs.
- **Insurance Intervention and Representation**
A committee of knowledgeable podiatrists and insurance consultants are available to assist members with insurance issues.
- **Political Action**
Member participation under the guidance of one of New York's top government affairs firms.
- **Communications**
NYSPMA's newsletter, The New York Podiatrist, as well as its website, www.nyspma.org, provide valuable and pertinent information to members on every aspect of their practice.
- **Legal Resources**
Members have the ability to enroll in the Podiatry Protection Program, a valuable program that provides legal coverage on a variety of issues, as well as access to a continuously updated Legal Resource Manual.

NEW YORK PODIATRY POLITICAL ACTION COMMITTEE HELP SUPPORT THOSE WHO SUPPORT PODIATRY

WHAT IS NYPPAC?

The New York State Podiatry Political Action Committee (NYPPAC) is a nonprofit, bipartisan fundraising committee through which podiatrists support state candidates who champion podiatric medicine's issues in New York.

Because of the efforts of NYPPAC and its parent organization, the American Podiatric Medical Association (NYSPMA), the profession has gained a state and national presence as a political force. NYPPAC neither determines the issues to be addressed on behalf of the profession, nor lobbies on those issues. That is the role of NYSPMA's Legislative Action Committee, Board of Trustees, and lobbying firm.

NYPPAC's role is to support candidates seeking office in the NY Assembly and Senate. The only other legal means for such support is through contributions made directly to a candidate by an individual.

WHO RECEIVES NYPPAC SUPPORT?

Funds collected by NYPPAC are in turn contributed to statewide candidates who are selected without regard to political party. Only candidates seeking a seat in the NY Assembly or Senate may be recipients of NYPPAC's funds. Candidate support is based on:

1. A candidate's position on issues—Does the incumbent candidate support podiatric medicine's issues? Is he or she accessible to NYSPMA members and lobbyists? If a candidate is a non-incumbent, was he or she supportive in the state or local governing structure?
2. A candidate's committee appointment—As an incumbent, does the candidate serve on a committee that has jurisdiction over state health policy?
3. NYSPMA member/state component endorsement—Does the candidate have the backing of NYSPMA members? This criterion is required for support of non-incumbents.

WHO MAY GIVE TO NYPPAC?

Members and staff of NYSPMA, their family members, and members and staff of NYSPMA's component divisions may contribute to NYPPAC. Contributions must be from personal funds if they are to be used for contributions to candidates for federal office. Contributions to NYPPAC must be voluntary and do not qualify for an income tax deduction.

APPROVAL STATEMENT

The Foundation for Podiatric Medicine is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. The Foundation has approved this activity for a maximum of 25.5 continuing education contact hours (CECH). This number is based on attendance at all general lectures, and the two pre-conference sessions on Thursday evening.

CECH SCANNING

In accordance with the requirements of the Council on Podiatric Medicine, The Foundation is required to monitor session attendance for verification of CECH. Attendance and earned CECH will be recorded electronically by scanning the barcode on the back of your badge at the times/locations listed below.

PLEASE NOTE

To ensure that the Foundation continues to provide you with a meaningful educational program, all attendees will be required to complete an electronic meeting evaluation in order to receive a CECH certificate and verification form. This form will be distributed via email following the conference. Each registrant is responsible for reporting his or her attendance to all appropriate boards and agencies requiring continuing education. Credits may be registered with state boards by providing them with a copy of your CECH certificate. NYSPMA members will not be eligible to receive their CECH Certificate unless their memberships are current.

CECH SCANNING SCHEDULE

THURSDAY, JANUARY 23

6:30pm	Empire Complex, 7th Floor	1.5 contact hours

FRIDAY, JANUARY 24

9:00am - 5:00pm

Odets, 4th Floor

Non-CECH Podiatric Radiography Certificate Program for Unlicensed Individuals

This 8-hour, practice enhancing course is designed to teach participants how to perform a podiatric radiology examination.

Presented by New York College of Podiatric Medicine faculty, the class is a full-day hands-on workshop leading to a certificate in radiology. Emphasis will be placed on performing an accurate exam in a manner which is safe for both the patient and the examiner. Basic radiology principles will be reviewed with a special concentration on practical application.

At the end of course, upon proving competency, the participant will be certified to take podiatric radiographs under the supervision of a licensed podiatrist and will receive an official certificate from NYSPPMA.

NYSPMA Presidents' Reception

Made possible by an unrestricted educational grant from BakoDx and The Podiatry Foundation

Friday, January 24

6:30-7:45pm

Sky Lobby, 16th Floor

This is a ticketed event for NYSPMA members, capacity is limited. After obtaining your official conference badge, members may pick up their event ticket at the BakoDx Booth #1001.

THE FOUNDATION

FOR PODIATRIC MEDICINE

nyclinicalconference@nyspma.org

At the end of the NY25 Clinical Conference, learners will be able to:

- To increase early detection of an acute Charcot
- Establish guidelines for determining when to discontinue immobilization in acute Charcot treatment
- To describe the mechanism by which extracorporeal shockwave treatment acts on soft tissue injuries
- To describe the benefit of extracorporeal shockwave treatment in treating soft tissue injuries vs. traditional treatment options
- To describe the efficacy of extracorporeal shockwave treatment in treating soft tissue injuries vs. traditional treatment options
- Review the causes of dermatitis “eczema” of the lower extremity
- Develop a therapeutic strategy for treating eczema of the lower extremity
- Identify mimickers that resemble eczema and how to differentiate and manage appropriately
- To review the primary etiology for musculoskeletal pathology in the foot and ankle
- To explain and emphasize how inherent pathomechanical foot and limb function in children predisposes to musculoskeletal pathology in the adult
- To present the results and implications of a novel study determining the age of onset of pedal pathology and accompanying symptomatology in an adult patient population
- Understand the clinical indications for metatarsal resections for diabetic foot ulcers.
- Recognize the iatrogenic complications that may occur following isolated metatarsal resections.
- Evaluate the possibility of a metatarsal osteotomy as an alternative procedure.
- Understand when transmetatarsal amputation needs to be performed.
- What is Chronic Regional Pain Syndrome (CRPS) and how has the medical community’s understanding and definition of it changed in the past 50 years.
- What clinical approach to treatment has shown the most promising results for patients suffering from CRPS
- Participants will be able to accurately diagnose common skin conditions from the presented case studies, demonstrating their understanding and comprehensive knowledge of dermatology.
- Understand the clinical aspects of common dermatological conditions using a case study approach
- Recognize a range of commonly seen dermatological conditions
- Apply the ABCDE rule to determine whether a lesion might be malignant or benign
- Evaluate lesions to determine whether they might be benign or malignant
- Recognize common dermatologic conditions affecting the feet and nails in cancer patients and survivors
- Understand the role of podiatric care in people undergoing cancer therapy
- Communicate effectively with oncology teams regarding adverse events
- Enhance physician diagnostic skills utilizing cytology to sample mass and fluid
- Improving patient outcomes with early diagnosis of ganglion vs sarcoma
- Attaining competence with needle aspirational biopsy and fixative selection
- Understanding differences between gout and pseudogout
- To understand the basic philosophy and science related to Orthobiologic Regenerative medicine.
- Understand the legal and illegal use of Biologics.
- Learn regulatory issues related to biologics
- Understand the published clinical science related to the treatment of knee OA with PRP, BMAC, Micronized fat and Stem cells.
- Understand modern techniques of cartilage repair
- How to proceed procedurally, or referral-wise, with a patient who has been diagnosed with a skin malignancy, both in situ and invasive
- How to proceed with a soft tissue mass initially in case of a potential malignant diagnosis
- Explain the professional’s responsibility to adhere to scientifically accepted infection control practices and define the consequences of failing to do so
- List nine infection prevention techniques
- State the benefit to patients and healthcare workers gained by adherence to scientifically accepted principles and practices of infection control
- Describe the responsibility to monitor the infection control practices of personnel whom the professional directs and recognize the need for intervention when compliance and safety standards are not met
- Describe how pathogenic organisms may be spread in the health care setting
- Identify the factors which influence susceptibility to infection
- Define strategies to reduce the transmission of pathogenic organisms
- Describe how infection control concepts are applied in practice
- Define the terms “engineering controls” and “work practice controls”;
- Identify engineering controls and work practice controls which reduce the risk of exposure to infection;
- List exposure prevention strategies;
- Describe patient care procedures and settings that involve an increased risk of exposure to infectious material.
- Discuss the changing landscape of healthcare with the influence of social media, healthcare policy, and digitalization of medical records
- Gain knowledge in appropriate payment scaled used in medicine
- Treat traumatic injuries of the foot and ankle
- Treat complications in trauma of the foot and ankle
- Improve knowledge of the latest treatments for foot and ankle conditions using evidence based protocol
- Gain knowledge of newer techniques in limb salvage and appropriate postoperative care for patients with end stage vascular disease
- Gain knowledge of lesser know amputation techniques of the foot and ankle
- Gain knowledge of topical and implanted antibiotics in foot and ankle surgery
- Gain knowledge of the RVU system for reimbursement and employment options in podiatry
- Gain knowledge of appropriate billing and potential criminal actions that could occur if improper billing occurs under ones NPI
- Gain knowledge of appropriate medical record keeping preventing malpractice cases
- Gain knowledge of preventing malpractice cases and what to do once a case is initiated
- Gain knowledge of hallux limitus treatment
- Gain knowledge of hallux valgus treatment
- Gain knowledge of plantar and posterior heel pain including treatment options
- Gain knowledge of forefoot pathology including hammertoes, neuroma and MTPJ dislocations

MISSION STATEMENT

The Foundation for Podiatric Medicine, a nonprofit 501(c)(3) organization, was established in 1986. The mission of the Foundation for Podiatric Medicine is to offer continuing medical education, professional development and public information services.

EDUCATIONAL MISSION STATEMENT

The scientific sessions of the Foundation for Podiatric Medicine's 2025 Podiatric Clinical Conference are designed with the educational goal of presenting balanced academic discussions for the primary care podiatric physician and also to initiate education in the areas of diagnosis and management of ankle pathology. Providing cutting-edge educational programs in various learning formats, the conference offers a forum for dialogue about the vital educational and clinical information that is crucial to all podiatrists, ensuring professional development that enhances quality patient care and advances the profession.

The Foundation provides an opportunity for the learner with a disability who may require accommodations to participate fully to indicate such a status by contacting the Foundation for Podiatric Medicine at 212-996-4400.

NON-DISCRIMINATION STATEMENT

No person shall be denied registration or participation in any continuing education program provided by this Foundation for reasons of race, religion, sex, national origin or physical ability.

DISCLOSURE STATEMENT

The Foundation for Podiatric Medicine ensures balance, independence, objectivity, and scientific rigor in all individually provided or jointly provided educational programs. All individuals who have influence over the content of the educational activity (i.e., instructors, course director(s), planning committee, faculty, etc.) have no financial conflicts of interest that may lead to any biases in the educational content presented from The Foundation for Podiatric Medicine.

Accufix Surgical
1101

The Accu-Joint® Hemi Implant is a titanium hemi implant, for use in the MPJ of all 5 toes. It is designed to preserve the natural anatomy of the joint. As a true resurfacing product, it provides less alteration of the anatomy compared to other implants on the market and preserves future surgical options for the patient if needed. The Accu-Joint® enables solid rigid internal fixation needed for support, function and longevity. By replacing only 1mm of the cartilage, the healthy subchondral bone is preserved. The sizing allows it to be a non weight bearing implant, allowing for fast recovery time

Advanced Oxygen Therapy Inc.
B2

AOTI's mission is to help all people with chronic conditions get back to living life to the fullest. We are committed to enhancing access to care, improving quality of life, and advancing health equity. AOTI offers the only multi-modality topical oxygen therapy proven in both randomized controlled trials and real-world evidence studies to significantly reduce hospitalizations and amputations. Using a combination of non-contact cyclical compression, humidification, and a higher-pressure delivery of oxygen to the wound, AOTI's TWO2 therapy is proven to result in more effective and durable healing. It can be administered in any clinical setting or administered by the patient at home, overcoming common barriers to access and compliance, thus helping to advance health equity, improve outcomes and reduce costs. AOTI's NEXA™ NPWT System is a disposable solution designed to offer clinically effective therapy that is simple, portable and affordable. The NEXA System provides a multi-week, multi-patient, disposable NPWT solution that delivers performance benefits similar to traditional durable medical equipment NPWT without the associated complexity and high price.

Lewin & Baglio LLP

417

The Law Firm of Lewin & Baglio, LLP helps Medical providers successfully collect their unpaid bills. We concentrate 100% of our resources toward Medical Providers in the collection of their Worker's Compensation and No Fault claims. In today's environment, Insurance companies are becoming more restrictive in their payment guidelines and Lewin & Baglio, LLP will use its over 15 years' experience to either collect, arbitrate or litigate to ultimately get the claim paid. Our attorneys are well versed in all phases of the administrative process, from the inception through judgment. We are fluent in the law, established and respected within the legal community and are among some of the most skillful, proficient and aggressive litigators and trial lawyers.

Swift USA

A7

Fueled by innovation, Swift is making waves in the US skin care markets in the treatment of superficial lesions. The modality uses low dose microwave energy delivered to a predetermined depth, to trigger a clinically proven immune response. With over 250,000 treatments now delivered globally, SWIFT is setting a new standard of care. Delivered in significantly less time than other treatment options, Swift does not destroy tissue, requires no post treatment bandages and patients do not experience any downtime or post treatment pain. Visit us online or at our booth to learn more about how Swift could impact your patients and your practice.

A Distinct Advantage

Compare...

- Large tube: 15g or 1/2 oz.
- Tiered pricing: \$18.00 - \$21.00 per tube
- Urea softens the nail plate, increasing its permeability for medicating the nail bed
- Ingredients that rehydrate and restore the natural appearance of skin and nails
- No skin irritation... never causes dry brittle nails
- This oil-in-water microemulsion, patented in 2021, makes use of jojoba oil to distribute soluble tolnaftate quickly and effectively
- NDC number indicates FDA registration as a medication
- Formulated with strict compliance to cGMP
- N-acetyl-l-cysteine enhances penetration allowing increased tolnaftate flux through keratin and providing a bactericidal boost to break down the biofilms of prominent pathogens
- Antibacterial and antifungal ingredients are safe and effective, indicated for both treatment and prophylaxis

The Value and Results are Incomparable Evaluate for Yourself
